

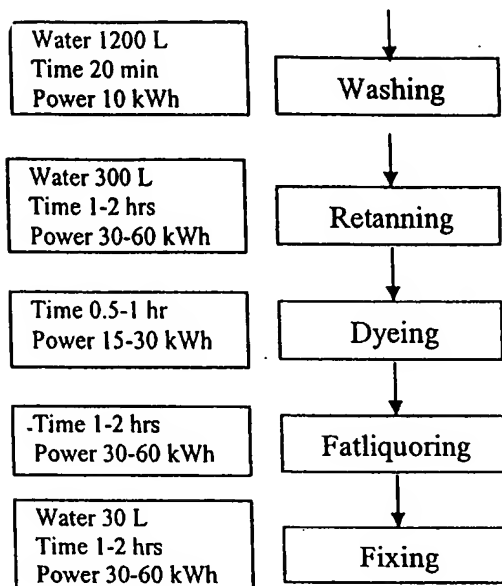

FIGURE 1A

\*Assuming the skins are shaved and in the case of hides, they are split and shaved to required thickness.

**Total requirement**  
Water 17760 L  
Time 5.35-6.15 days  
Power 460-1030 kWh

If the splits are also post tanned, then the total requirement would be

**Total requirement**  
Water 19920 L  
Time 5.75-6.95 days  
Power 725-1580 kWh
